Hands-on Lab 4: Getting Started with Cognos Analytics

Estimated time needed: 40 minutes

IBM Cognos Analytics is an AI-fueled business intelligence platform that supports the entire data analytics cycle, from discovery to operationalization. It provides users with data discovery capabilities to visually explore and interact with their data to identify the key insights for improving data driven decisions. Users can perform data discovery and then quickly assemble that information into interactive, visually appealing dashboards; all without the need of formal training.

In this lab, first you will learn how to sign up for IBM Cognos Analytics trial plan, and learn general navigation around the Cognos Analytics user interface (UI). Next, you will learn how to upload external data files to Cognos Analytics, and then learn how to start a new dashboard with templates. Lastly, you will learn how to create a simple dashboard.

Software Used in this Lab

Like the videos in the course, for the hands-on labs we will be using IBM Cognos Analytics trial version (currently limited to 90 days) as this is available at no charge.

Dataset Used in this Lab

The dataset used in this lab comes from the VM designed to showcase IBM Cognos Analytics. This dataset is published by IBM. You can download the dataset file directly from here: [CustomerLoyaltyProgram.csv](#)

Objectives

After completing this lab, you will be able to:

- Sign up for a Cognos Analytics trial plan and navigate around the Cognos Analytics user interface.
- Upload external data files to the Cognos Analytics platform.
- Start a new dashboard with dashboard templates.
- Create a simple dashboard.

Exercise 1: Sign up for Cognos Analytics Trial Plan

In this exercise, you will learn how to sign up for an IBM Cognos Analytics trial plan.

1. Go to [Try IBM Cognos Analytics](#).

Note- If you use your existing cloud account, you will get only 30 days trial for Cognos Analytics.

2. Fill out section **1. Account information** with your information and click **Next**. The email address you are going to use here, will be called IBMid.
If you already have an IBMid, click **Log in**. Enter your IBMid and password.

On-line training - Data Visualizations - Trial

Learn the skills necessary to become a data analyst using Cognos Analytics. By registering for the IBM Data and Analyst Certificate, you have the opportunity to use the full suite of its capabilities for 90 days while you complete your course. Cognos helps you to understand your data and easily create compelling visualizations and reports.

If you already have an IBMid, click Log in

Already have an IBM account? [Log in](#)

Start your free trial

1. Account information

E-mail (i)

Your email address will become your IBMid, which you'll use to log into IBM.com.

@gmail.com

We'll send you a 7 digit code that you'll use to verify your email in step 3.

First name

Last name

Sandip Saha

Joy

Password

.....

– 8 characters minimum

– One uppercase character

– One lowercase character

– One number

Country or region of residence

State or province

Canada

Ontario

Next

- Fill out section **2. Additional information** with your information. In the case of the Data Center, select one which is nearest to your location. Then click **Next**.

2. Additional information

Are you a student? (optional)

Yes No

Select Data Center (optional)

US East (Washington DC)

Next

- Now enter the 7 digit code you received on your email address and click **Create account**.

3. Verify email

We emailed a 7 digit code to

[REDACTED]@gmail.com

This code will expire in 30 minutes.

Verification token

5734728

6. You are now done with the sign up procedure. You will be redirected to myibm.ibm.com/dashboard/ automatically. Wait for some moment until the Coursera on-line training - Data Visualizations trial offering becomes active.

The screenshot shows the IBM MyIBM dashboard. At the top, there are links for 'Rester ici' and 'Accéder au site de mon pays/ma région'. The main navigation bar includes 'My IBM', 'Profile', 'Billing', 'Search', and a user icon. A message at the top right says 'IBMid: [REDACTED]@gmail.com'. Below the header, a link 'Need help? Get product support' is visible. The main content area is titled 'Products' and shows a section for 'Trials'. It lists '1 Offering' for 'Coursera on-line training - Data Visualizations'. The offer includes a small icon, the title, a status message 'Activation in progress', and a 'View support information' button. To the right, there's a promotional message about IBM providing technology and business solutions, a 'View catalog' button, and another 'Need help? Get product support' link. At the bottom of the page, there are links for 'Contact IBM', 'Privacy', 'Terms of use', 'Accessibility', and 'Cookie preferences', along with a language selector 'United States - English'.

7. Click on the **Launch** button of this offering.

This is a zoomed-in view of the trial offering card. The title 'Coursera on-line training - Data Visualizations' is prominently displayed. Below it, the word 'Active' is shown in green, followed by the expiration date 'Expires on Jan 24, 2021'. At the bottom of the card are two buttons: a dark blue 'Launch' button and a white 'Manage' button. A cursor is hovering over the 'Launch' button, indicating it is being clicked.

If it has been more than 72 hours since you initiated your Cognos Trial activation, but its still showing Activation in Progress, please let us know on the forum so we can follow up with the Cognos team on your behalf.

NOTE: The trial will not be activated for learners in countries under US sanctions.

8. You have successfully launched the Cognos Analytics platform.

The screenshot shows the IBM Cognos Analytics home page. At the top, there's a navigation bar with links for Home, Search, My content, Team content, and Recent. The main area features a welcome message: "Hello. Welcome to IBM Cognos Analytics." Below this, a sub-headline says "Unearth hidden insights with a personalized analytics experience driven by AI." To the right, there's a circular badge with the text "Trial access 90 days left" and a "Upgrade" button. Further down, there are four cards: "Take a quick tour", "How-to videos", "Samples", and "Accelerator catalog". On the far left, there's a sidebar with "Recent" content and buttons for "Manage" and "+ New". On the right side, there's a sidebar titled "Knowledge Center" with various video thumbnails and titles like "Fast track your analytics journey with the IBM Accelerator Catalog!" and "IBM Cognos Analytics: overview with customer testimonials".

9. From now on, if you want to sign in to the Cognos Analytics platform with your IBMid, go to myibm.ibm.com. Enter your IBMid and password. Repeat step 7 and 8.

The screenshot shows the "Log in to IBM" page. It has fields for "IBMid" (with a placeholder "@gmail.com") and "Forgot IBMid?", a "Remember Me" checkbox, and a "Continue" button. Below the form, there's a link "Do not have an account? [Create an IBMid](#)".

Exercise 2: Navigate around Cognos Analytics UI

In this exercise, you will learn general navigation around the Cognos Analytics user interface.

1. The goal of the Cognos Analytics user interface (UI) is to provide you with a streamlined way to get started using Cognos Analytics and view content and activities pertinent to them. You will begin your general navigation here.

IBM Cognos Analytics with Watson Application Toolbar Trial Countdown 79 Search Cognos Analytics Dismiss

Maintenance Thank you for your patience. At this time the email service is now restored. We apologize for any inconvenience this has caused

Hello. Welcome to Cognos Analytics with Watson.

You can get started right away by taking a look at our introduction video, product tour and Getting Started tab.

[Watch video](#) [Take a product tour](#)

Video Demonstration

Quick launch

- Upload data
- Prepare data
- Exploration
- Present data

Upload Dataset

2. Click on the **Navigation Bar**, you can use the **Content** to work on different **Samples** The canvas now shows the Recently used files in the **Recent** section, if any, along with the **File drop zone** where you can easily upload your external data files.

IBM Cognos Analytics with Watson Navigation Bar

+ New Creating new dashboard, data module.

Upload files To upload new files

Content To get the content, team content & samples.

Recent To get recent activities >

Manage

3. Once you begin working with content, the canvas will update with your recently used items. In your Cognos Analytics instance, you may see recent content on the canvas.

Exercise 3: Create a Simple Dashboard with Cognos Analytics

In this exercise, you will learn how to upload external data files to Cognos Analytics, and then learn how to start a new dashboard with templates. Lastly, you will learn how to create a simple dashboard.

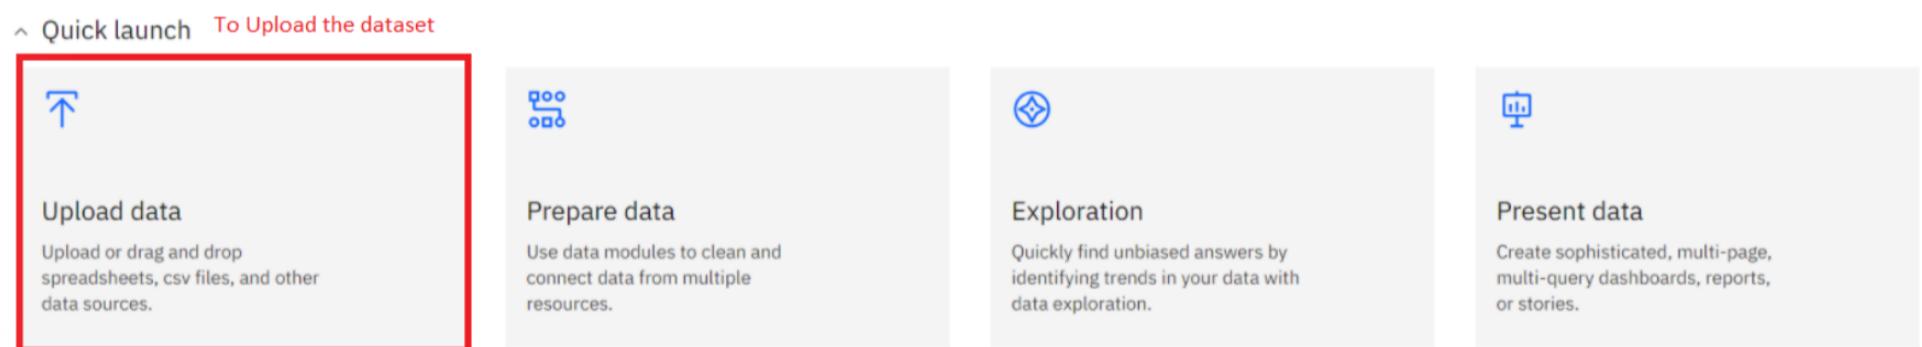

Task A: Upload External Data Files

In this task, you will learn how to upload external data files to Cognos Analytics.

1. Download the file [CustomerLoyaltyProgram.csv](#).
2. To sign in to the Cognos Analytics platform with your IBMID, go to [myibm.ibm.com/dashboard/](#).
3. Enter your IBMID and password.
4. Scroll down and click **Launch**.

The screenshot shows the 'Products' section of the Cognos Analytics interface. It displays a single trial offering titled 'IBM Cognos Analytics on Cloud - Trial'. The offering is marked as 'Active' and expires on Oct 16, 2020. At the bottom, there are two buttons: 'Launch' (highlighted with a red box) and 'Manage'.

5. To upload a file, you may either drag and drop this file into the File Drop Zone (highlighted in the image above), or you may click **New > Upload files** at the bottom left corner to navigate to where the file is saved. For this lab, we will use the second option. Click **New > Upload files**, then browse to the file download location, select the CSV file, and click **Open**.

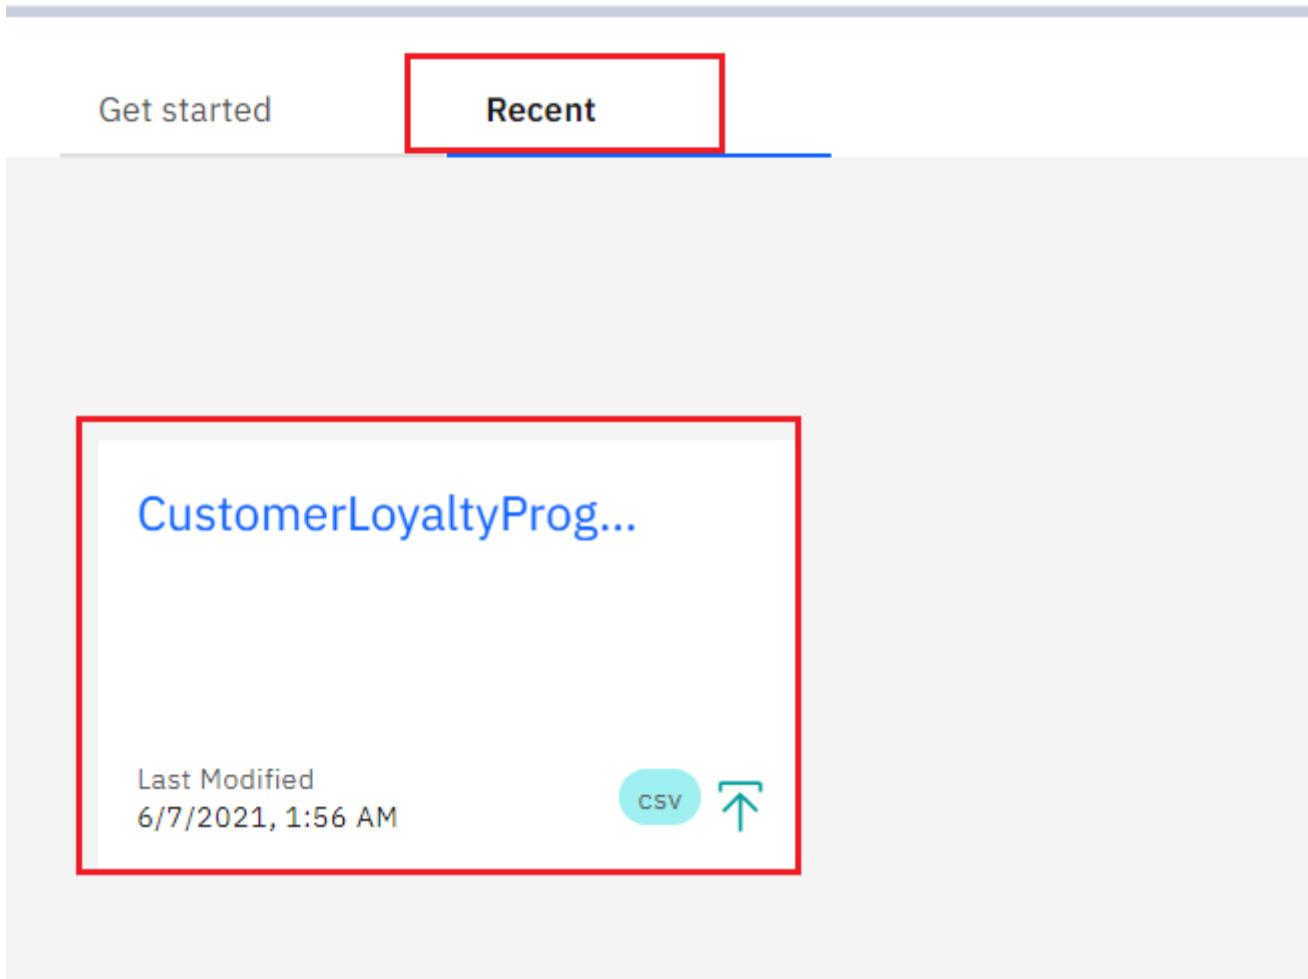

6. As the file uploads, notice that under the **Switcher Menu**, a series of status bars will be visible as the upload process reads and analyzes the data being brought in.

7. Once it completes, the status bar will update to show the successful completion before closing.

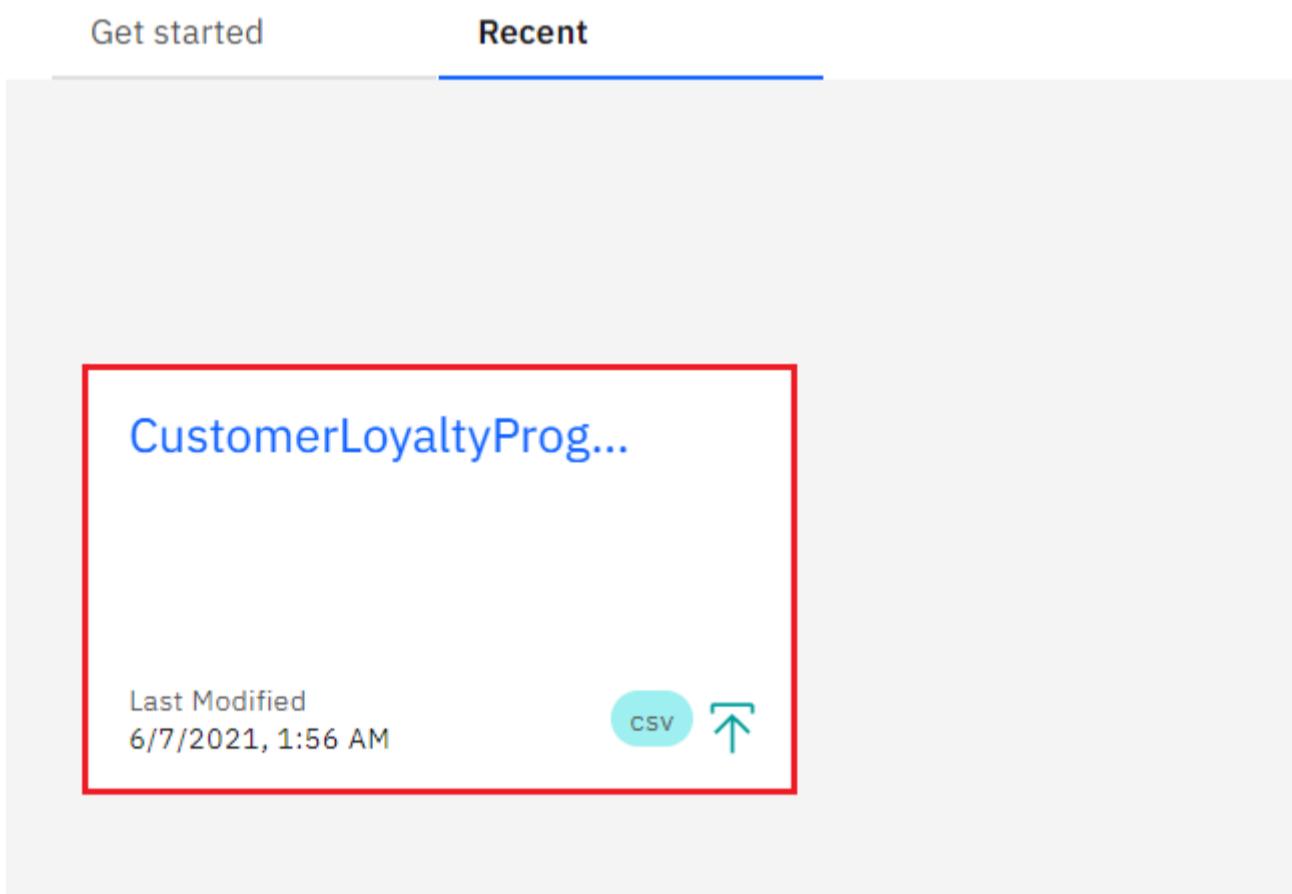

8. In the **Recent** section, you will see the new uploaded data file.

Task B: Start a New Dashboard with Templates

In this task, you will learn how to start a new dashboard with templates.

1. Click on the uploaded data file **CustomerLoyaltyProgram.csv**.

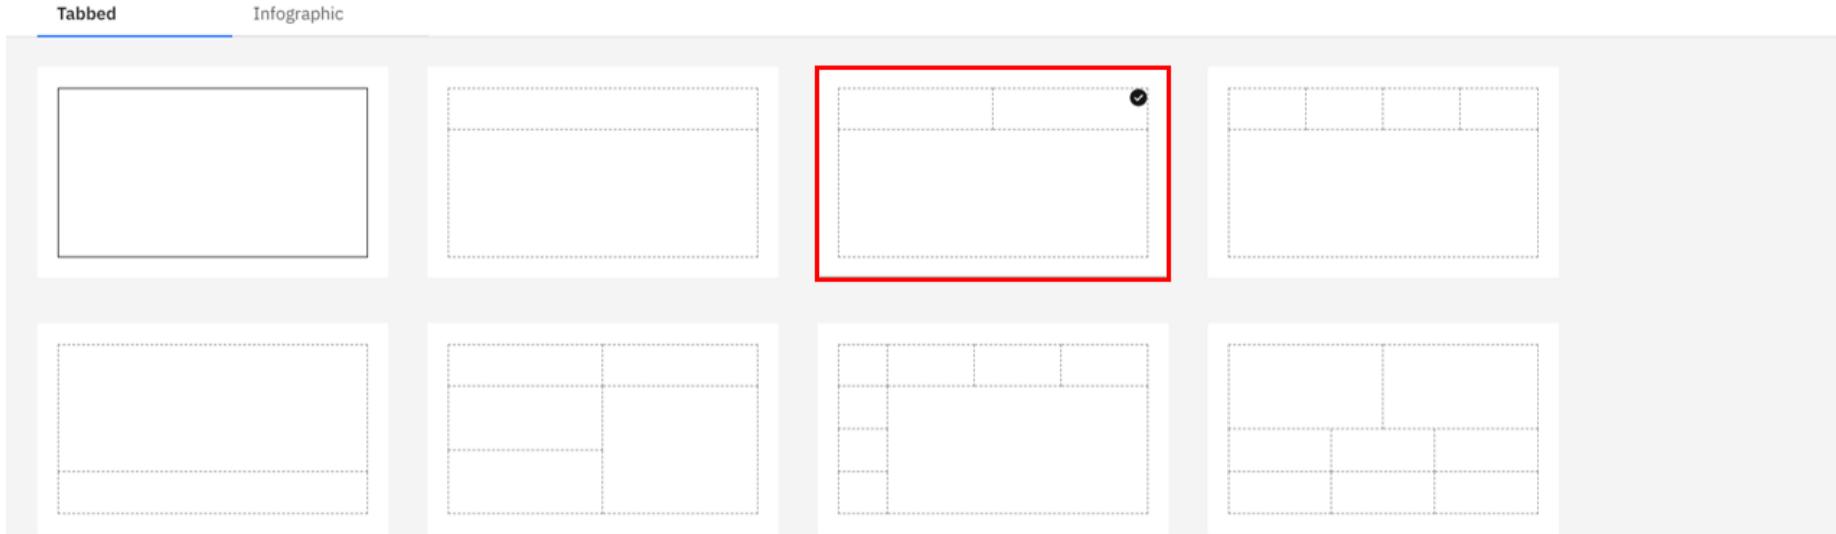

2. The Template window will display allowing you to select the type of dashboard and the template style. Select the **tabbed dashboard style**. This will allow you to have multiple pages for your dashboards. Select the **three-panel template**. Click **Create**.

Create a dashboard

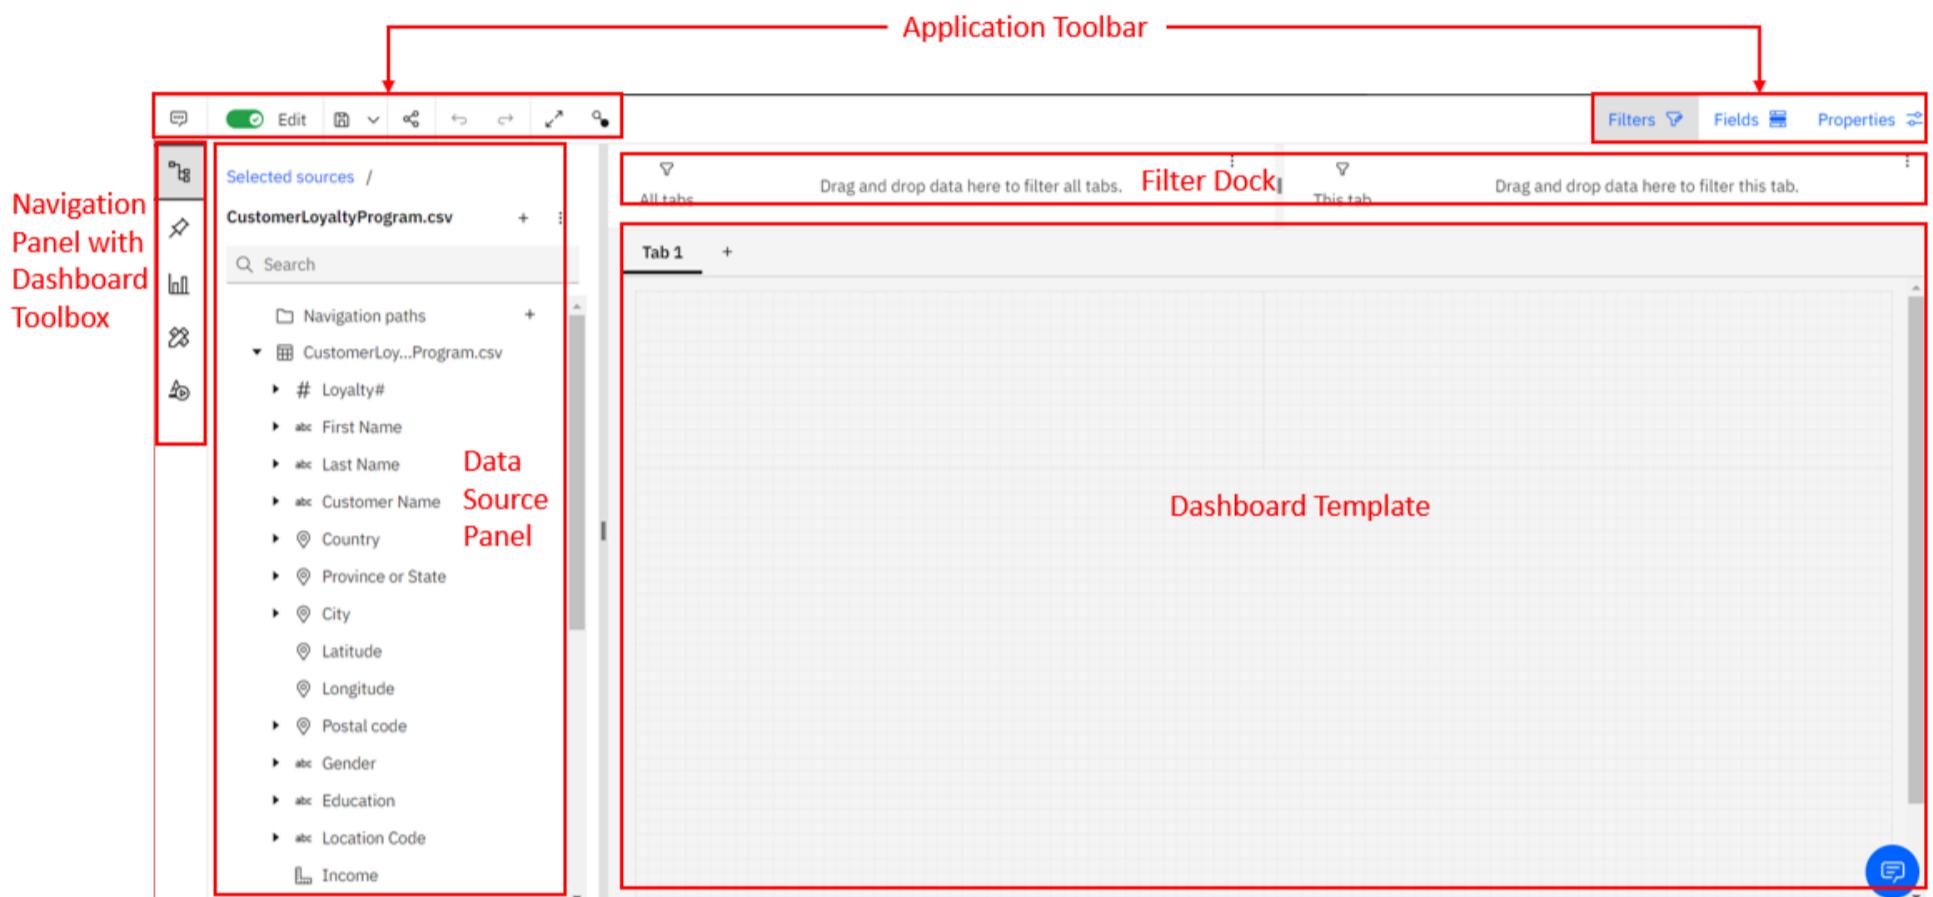

Select a template for your dashboard

Cancel

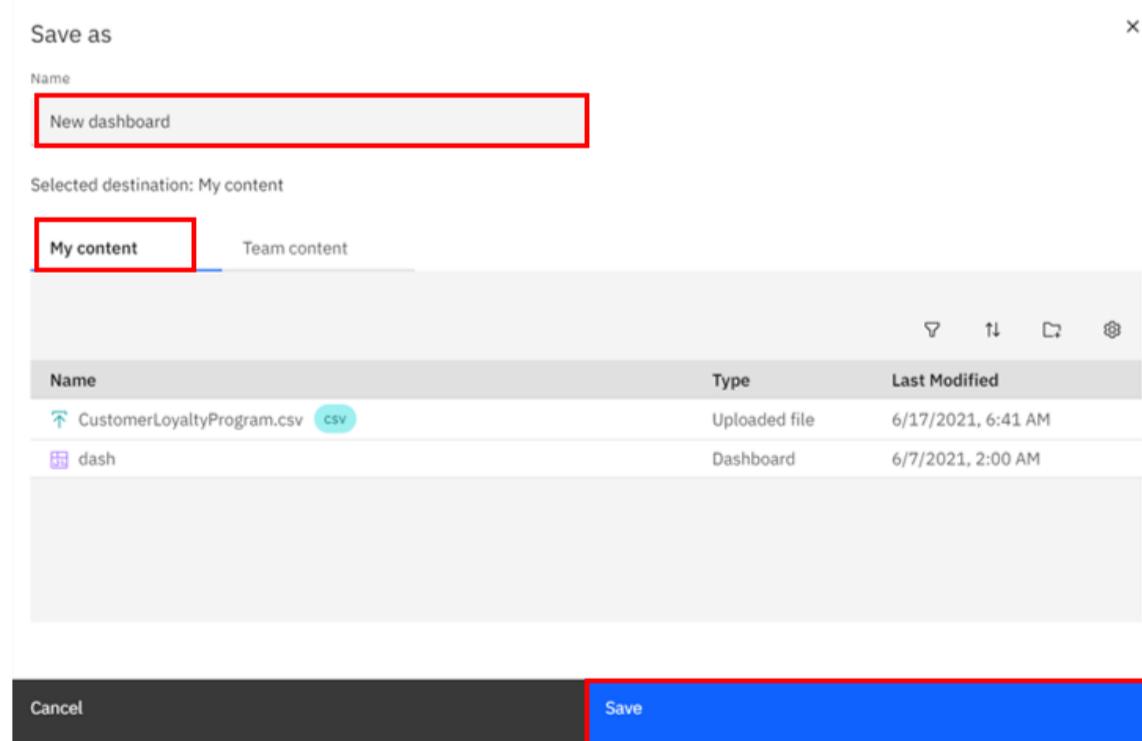

Create

3. Now you have created a new dashboard using the dashboard template.

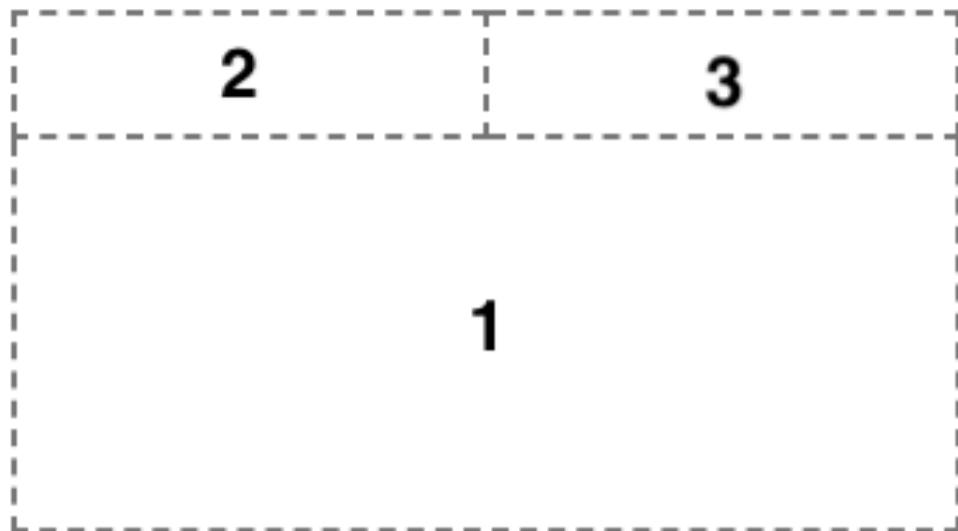

4. To save the newly created dashboard, press **CTRL+S**. Select **My content** as **Destination**. On the **Save as:** text field, write "Simple dashboard", and click **Save**.

Task C: Create a Simple Dashboard

In this task, you will learn how to create a simple dashboard with Cognos Analytics.

1. As you build the dashboard, the location placement for Widgets in the dashboard template will be referenced using the following Panel numbers.

2. From the **Navigation** panel, select **Sources** to open the data source panel, if it is not already open. The **Data Source** panel displays the uploaded file “CustomerLoyaltyProgram.csv” as the Selected Source.

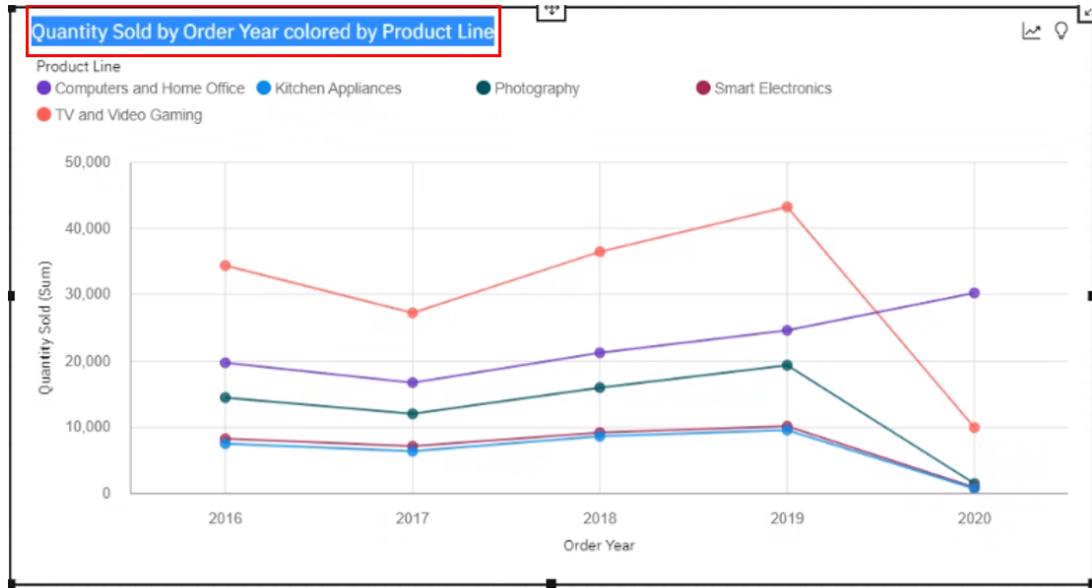

3. From the **Data Source** panel, press **CTRL** and select **Order Year**, **Quantity Sold**, **Product Line** and drag it to the center of **Panel 1**, releasing them once you see the **drop zone turn blue**.

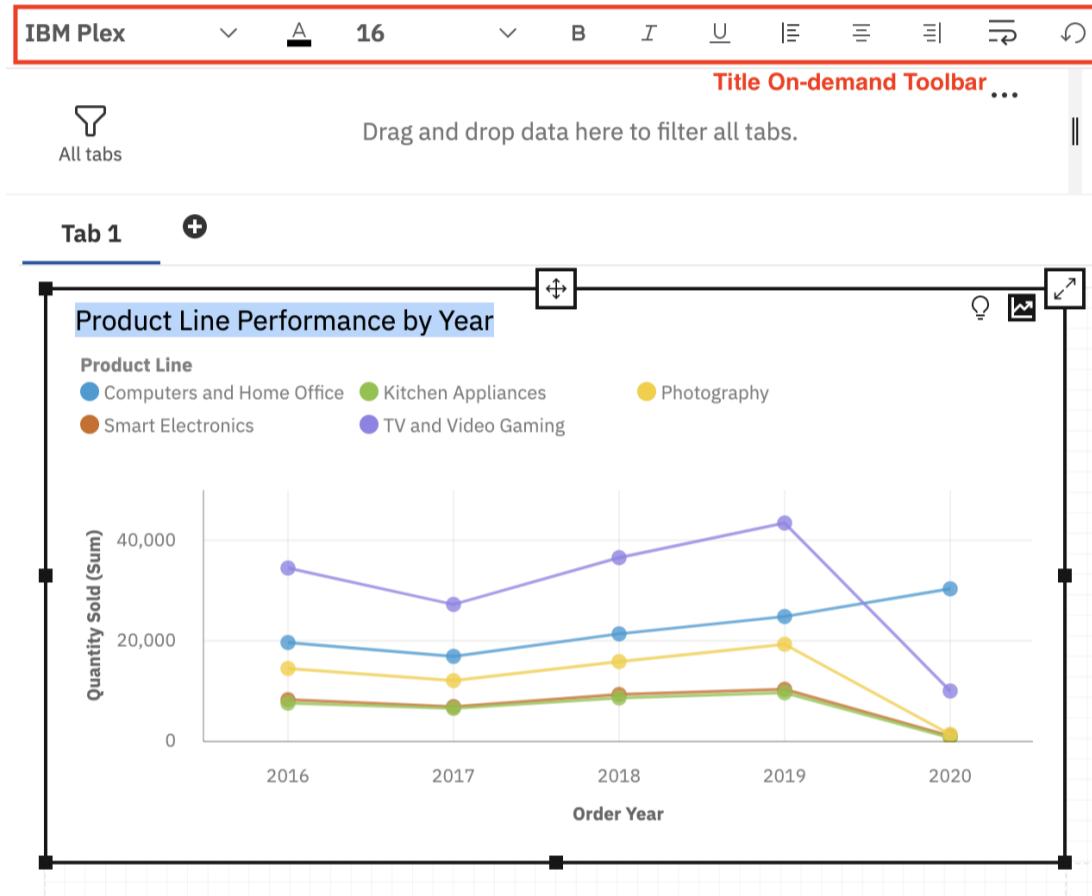

The screenshot shows the Tableau Data Source panel. On the left, the 'CustomerLoyaltyProgram.csv' source is expanded, showing various fields like Order Year, Quarter, MonthAsMember, LoyaltyStatus, Product Line, Coupon Response, Count, and Quantity Sold. Three specific fields are highlighted with red boxes: 'Order Year', 'Product Line', and 'Quantity Sold'. Red arrows point from these highlighted fields to a blue 'Drop here to release' box in the center, which contains the same three fields: 'Order Year', 'Product Line', and 'Quantity Sold'. The 'Quantity Sold' field in the drop zone has a small blue arrow icon next to it.

4. Click on the **Line chart** in panel 1 to bring it into focus and render the **on-demand toolbar**.

5. From the on-demand toolbar, select the title and enter the title "Product Line Performance by Year" to the visualization.

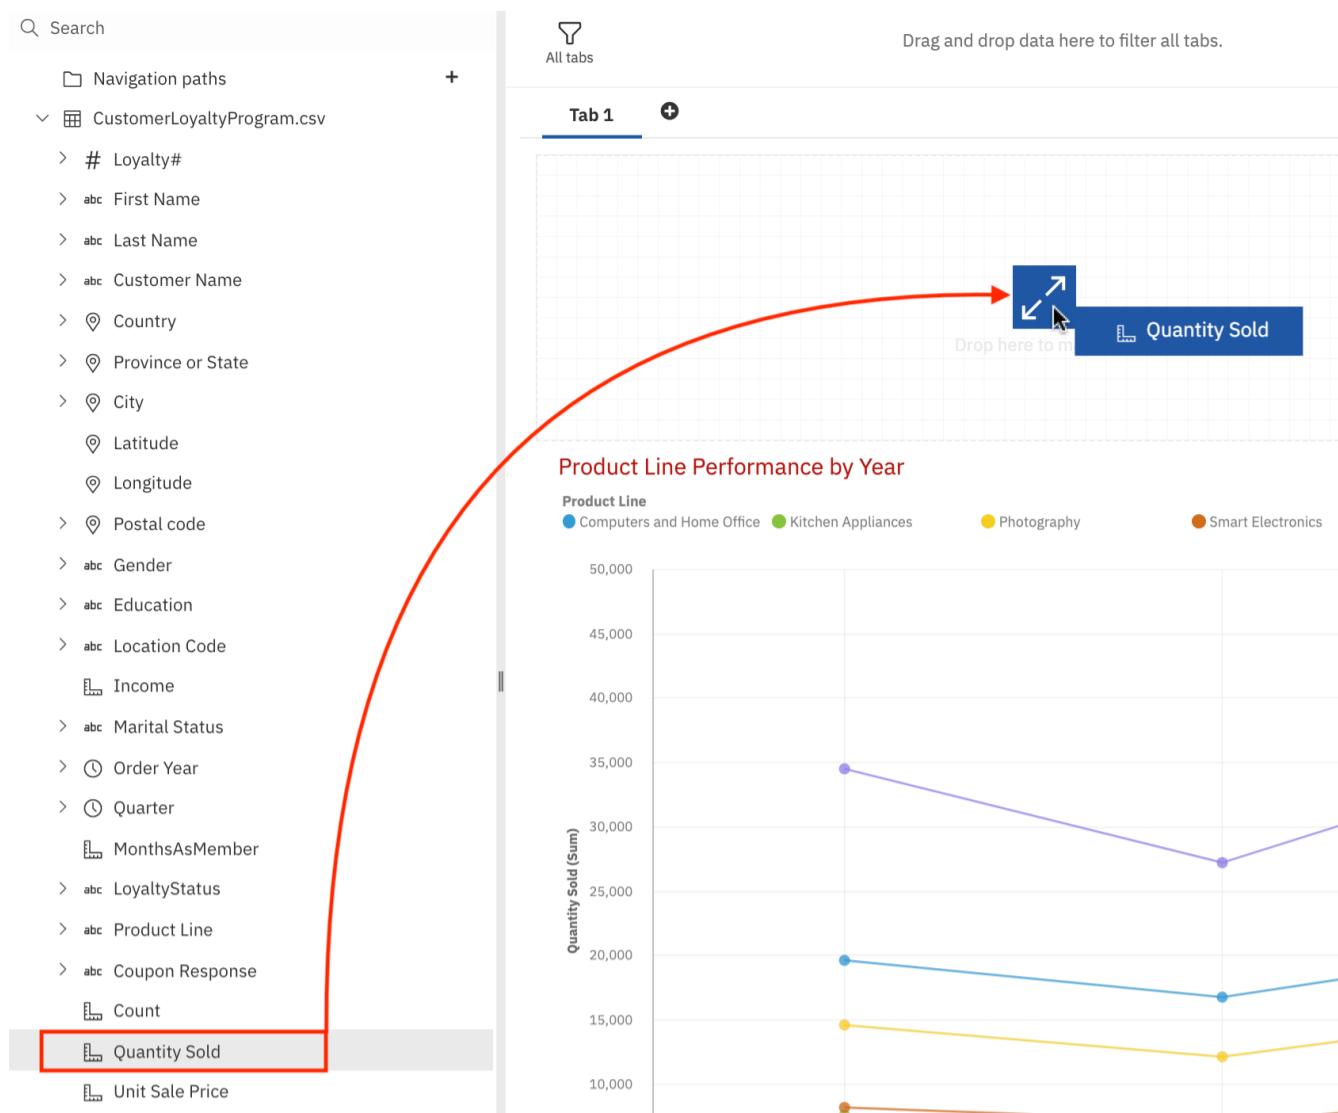

6. Highlight the **Title** to open the **Title on-demand toolbar**. From here, you can change the various properties on the title.

7. Click the **Color picker** icon, and change the color to **Red**, then click the font size drop-down and choose **18**.

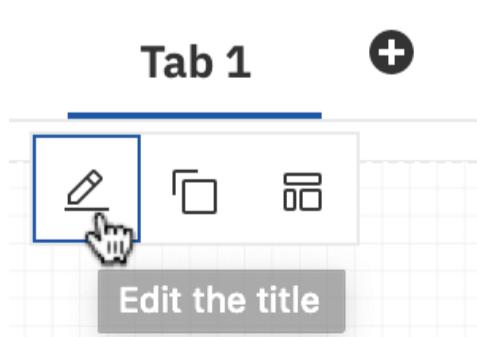

8. From the **Data Source** panel, select **Quantity Sold** and drag it to the center of **Panel 2**, releasing it once you see the **drop zone turn blue**.

9. From the **Data Source** panel, select **Revenue** and drag it to the center of **Panel 3**, releasing it once you see the **drop zone turn blue**.

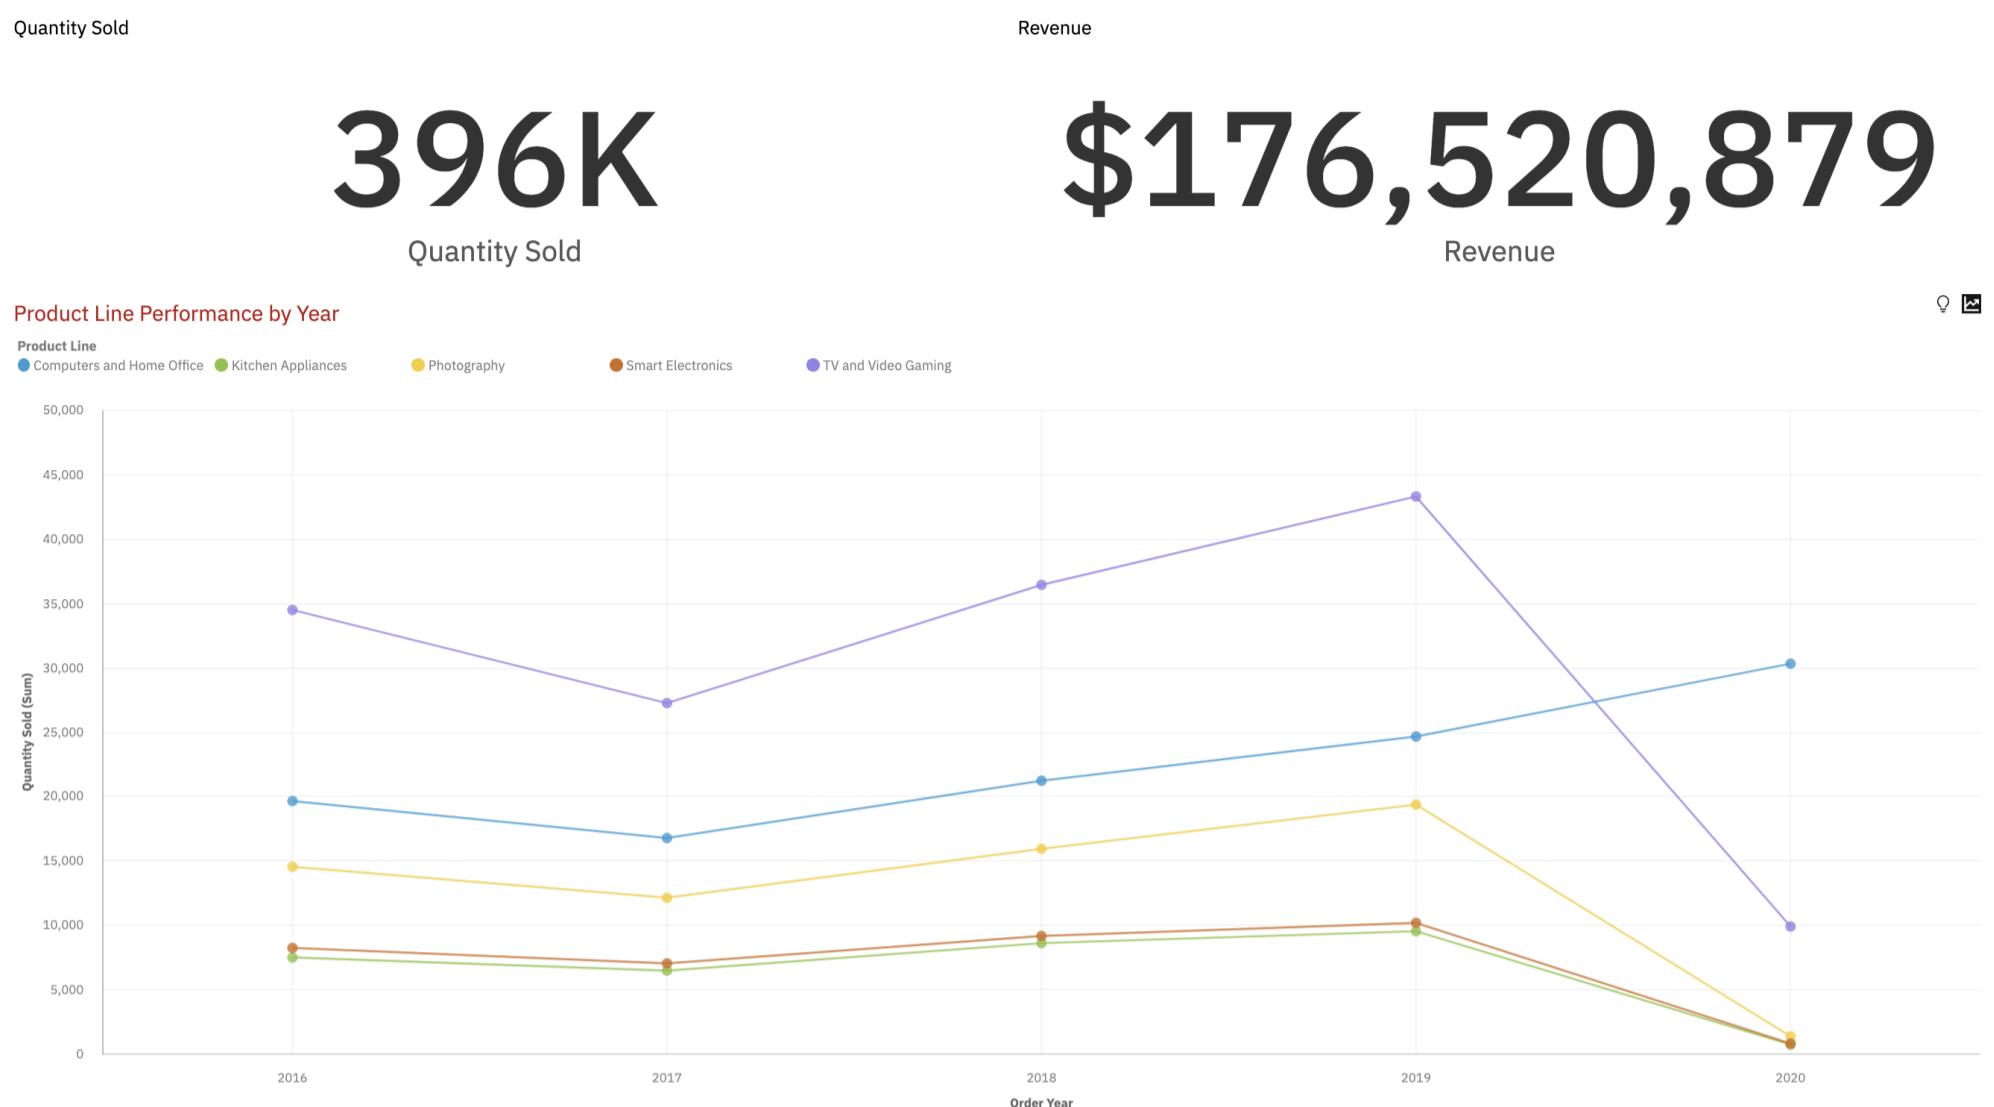

10. Click on the tab name **Tab 1** to bring up the Tab's on-demand toolbar. Select the **Edit icon**.

11. **Rename** the tab to "A - Product Sales".

12. To save the current work of the dashboard, press **CTRL+S**.

Finally, your dashboard "A - Product Sales" should look like below:

Congratulations! You have completed Lab 4, and you are ready for the next topic.
